

Next Steps:

Read through Psalm 139. Ask God to open your eyes to see the truth found in this poem or song of David... to feel the love God has for His creation... and to believe how valuable you are to God.

How does Psalm 139 support the truth that you are “created on purpose?”

Is there anywhere you can go to get away from God?

How much does God know about you? Does that make you more comfortable or less comfortable?

How long has God known about you?

God knows you best and has known you the longest and has seen you at your worst. Even with this knowledge, what does God think about you?

What are some of the words David uses to describe God’s thoughts about you? Can you add any of your own words to this list?

Thoughtfully read through Psalm 139:23-24. Personalize these words into your own prayer.

Next Week: Our series on “Knowing & Living Your Purpose” continues next Sunday. Next week we will learn “We Were Created For A Purpose.” If you would like to get a head start, spend some time reading Ephesians 2:1-10.
