**Next Steps For Next Week:**

Read Romans 6:15-23      What are the benefits of being set free from sin?

Read John 8:30-36      Who/What sets us free? What are we set free to do?

Read John 14:6      How does Jesus describe Himself in this verse? How do these descriptions help you trust Jesus more? Spend a few minutes committing this verse to your memory.

Read 2 Corinthians 3:7-17      What is the “ministry of the Spirit?” What causes the “veil to be taken away?” How are we transformed into the likeness of Jesus?

Read Acts 15:1-21      What was the reason for this meeting of the leaders of the church? Who were the people who wanted to add a requirement to “salvation through Jesus?” What was the decision of the leaders about this “requirement?” Can you think of other “requirements” we add to Christianity today? Should we make becoming a Christian more challenging?

Read Galatians 5:1-16      Apparently letting go of the old ways of the Law of Moses was still very difficult for some people. What does Paul tell us to do in light of people who want to add requirements to Jesus? In what ways can we misuse our freedom? How should we use the freedom we have in Christ? What are practical ways you can use your freedom today?

Read Matthew 22:34-40      Jesus is very definitive here. How can you love God and your “neighbors” better

Read 1 Corinthians 13      What is the “most excellent way?”
