**Next Steps For Next Week:**

**Read the Parable of the Sower (Matthew 13:1-23, Mark 4:1-20)** - Take some time to pray through each of the different soil types mentioned here.

**Path:** Are we in a place where we hear the Word all the time and it pretty much goes in one ear and out the other? Have we lost all sense of wonder and amazement that the God of the Universe speaks to us with words that bring life?

**Rocky:** Do we live a life of sprints rather than marathons? During that 6-week bible study we are good, but then we flounder until the next study starts?

**Thorny:** Do we have so much going on in life (good and bad) that we continually affirm the Word, but then quickly forget it and get back to doing what we were doing?

**Good:** Do we do the work we need to do on a regular basis to make sure that when God speaks, we hear, take it in and let it transform us? What are some of the "crops" you are seeing God bring about in and through you?
